

## Crew Hand

**Foremost Foundations & Construction** is searching for an exceptional **crew hand** to join our team. This addition to our team is a permanent position due to the growth we are experiencing. FF&C is a commercial and residential contractor that specializes in Deep Foundation Systems, Polyurethane Foam Solutions, Water mitigation services and Seawalls/ Retaining walls.

### **Position Description:**

Being a crew hand requires you to be willing to work outdoors, endure physical labor, have good customer service skills, and be able to work in a team environment. Previous experience in construction, remodeling, foundation repair, or new construction is a bonus. As well as operating forklifts, Mini Excavators and Skid steers.

### **Supervision Received and Exercised:**

As crew hand, you will be supervised by the Field Superintendent and opportunity for advancement to crew chief/field supervisor for the right candidate

### **Day-to-Day Operations:**

- Use manual and motorized equipment for installing piles on both residential and commercial jobs.
- Load and unload trucks (equipment, hoses, steel piles, etc.).
- Must be able to lift 50-60 pounds.

### **Other Requirements:**

- Must be able to communicate effectively.
- Reliable transportation to get to the office/shop every day
- Valid Driver's license
- Pass a background check
- Two years in the foundation/construction field is preferable but will consider hands-on experience in other related fields.

### **Benefits:**

- Full-time employment
- Paid vacations and holidays
- Bonus Plan after probation

Apply by sending in your resume to [info@foremostfoundations.com](mailto:info@foremostfoundations.com). For more information on FF&C, please visit [www.foremostfoundations.com](http://www.foremostfoundations.com). FF&C is growing, and we need good people to grow with us!
